Dear ((LastName)) family,

Your baby is growing and developing faster in the first year than at any other time. That's why you'll love the new research-based Early Foundations® Infant program at KinderCare® Learning Centers. It's designed to make the most of this precious time in your baby's life and promote healthy brain development.

Here's what's new...

- **Wet and Messy** — Your baby will participate in unique sensory experiences involving sand, wet sponges, bubbles, and other stimulating tactile sensations that encourage your baby to think, discover, learn, and grow.
- **Take It Outdoors** — New colors, smells and sounds, and the different temperatures and lighting of the outdoors all help to stimulate brain activity and introduce your little one to the wonders of the natural world.
- **Community Time** — Songs, finger plays, book reading, and more bring all of the babies in our care together for socialization and group learning.

Dear ((LastName)) family,

Your child is at just the right age to start developing executive function skills. No, that doesn't necessarily mean you're raising a future CEO. **Executive function** skills help your child focus, make appropriate decisions, and develop self-regulation — vital building blocks for a lifetime of successful learning.

Here's what's new...

The new research-based Discovery Preschool® Program at KinderCare® Learning Centers will introduce your child to concepts and topics designed to foster a love of learning.

- **Small-Group and Whole-Group Activities** — Your child will learn to share and interact with others while developing skills such as inhibitory control and flexibility.
- **Morning and Closing Routines** — Predictable routines throughout the day help your child feel secure and ready to learn.
- **Take It Outdoors** — This new program component provides opportunities for your child to make connections to classroom activities while in an outdoor space.
